

Charging and
Remissions
Policy

July

2017

AIMS

We seek to fulfil the needs of learners in a caring, happy environment, enabling them to realise their true potential as young people and citizens.

We aim to enable our learners to:-

PREPARE for adult life in a happy, caring and purposeful environment

ACHIEVE their full potential regardless of individual need

CCARE for everyone and encourage respect and tolerance

ENJOY education and rejoice in success

Policy Statement

Following the Education Reform Act 1988, every school must have, and publish for parents, a charging policy. The governors' decisions are set out in this policy.

The Aims of the Policy

The aims of this policy are to:

- a. define what the school can charge for
- b. clarify when voluntary contributions can be requested
- c. clarify when charges will be remitted.

Procedure

Books and Equipment

Parents/carers are responsible for ensuring their child is provided with pens, pencils, erasers, rulers, calculators, etc. Some subject departments will have, available to purchase, specialist items such as scientific calculators, protractors and laboratory coats.

If students lose or damage books or equipment issued to them, parents/carers are expected to pay for the cost of replacement or repair.

Materials

Parents/carers of students who are on practical courses (eg home economics, art, etc.) may be asked by departments to make a contribution towards materials etc that will be used during the course of the year.

Activities

If an activity is deemed to be curriculum based, is within the school day or is part of an examination course, any payment from parents/carers is voluntary. However, if parents are unable to contribute, it may be that the activity will not be able to take place.

Students will never be treated differently according to whether or not their parents/carers have made any such payments.

If an activity is outside the school day and is not part of an examination course, the specified payment is required for students to take part.

Residential Visits

The governors' policy is not to have students entered for examination courses requiring residential study, mainly within school time.

For residential visits that take place mainly outside school time and are not required by an examination course, payment will be required for the student to take part.

Public Examinations

The Head:

- a. has the delegated responsibility to decide whether students are entered for particular examinations
- b. has the authority to charge for examination entries in certain circumstances
- c. is authorised to request payment for wasted examination fees.

Music Tuition

The Head is authorised to charge for music tuition within and outside normal classroom activities.

Loss of and Damage to School Property

Parents/carers of a student who damages or loses any item of school property or equipment, such as computer software or a window, are liable for the cost of repair or replacement.

Complaints Policy

Under the Education Reform Act 1988, a procedure is laid down which relates to complaints about the action of a governing body in respect of the school curriculum and related matters. This document is available on request.

Most concerns or potential problems can be settled best in informal discussions with the Head and/or other staff in the school.

Remissions

Where the activity is mostly within school hours, the governing body may propose to remit, wholly or partly, any charge that would otherwise be payable under the terms of this charging policy.

Where an activity takes place partly within and partly outside of school hours, it will be determined as follows whether it is an optional extra activity that can be the subject of a charge.

In the following circumstances relating to non-residential activities, charges may be remitted.

- a. If 50% or more of the time spent on an optional extra activity occurs during school hours, including time spent travelling, it is deemed to take place within school hours.
- b. Where less than 50% of the time spent on an activity falls outside of school hours, it is deemed to take place outside of school hours. For example, if students leave on a theatre trip two hours before the school day ends but the trip continues until late evening, it is deemed to be outside of school hours.

If the number of half-day school sessions taken up by a trip is equal to or greater than 50% of the number of half-days spent on a trip, it is deemed to be during school hours. (A school day must be divided into two sessions, with a session meaning any period of 12 hours ending at noon or midnight.) Therefore a residential trip that starts at noon on a Thursday and ends at 9pm Sunday counts as seven half days; however, as only three are school sessions, the trip is deemed to be out of school hours.

Remission and Pupil Premium

For students who qualify for pupil premium due consideration will be given to full or partial remission in relation to individual requests. This will allow the students to have equal opportunities to participate in activities designed to support and enhance their education.
