Have you
heard about
School Direct?

Another route into teaching

School Direct is a great way to gain the skills you need to become a teacher. This school-led path includes some of the country's best schools, and you could be selected by one of them with a job in mind just for you.

If you are changing your career and are a graduate with three or more year's experience of working life, then you can apply to the 'School Direct Training Programme (salaried)'. All other graduates will be able to apply to the 'School Direct Training Programme', and could be eligible for a tax-free bursary or scholarship of up to £25,000*. Bursaries are dependent on the subject you want to teach and the degree class that you hold.
